Care Instructions

General

Never use scouring pads or abrasive cleaning solutions. We recommend using soft microfiber cloths.

Metal

Wipe with a damp or dry microfiber cloth. Please note that our brass is unlaquered, and will darken naturally over time.

Glass

Wipe clear or colored glass with a damp microfiber cloth. For sandblasted or etched glass, use a dry microfiber cloth. Removable glass shades can be washed carefully in a sink using warm or hot water.

Ceramic

Wipe with a damp microfiber cloth. Do not submerge in water.

Note

This fixture has handmade elements and may exhibit variability within the same piece. These variations are inherent in the production process and are not to be considered as defects. We do our best to maintain a consistent product while honoring handmade craftsmanship.
