List Price *	Steel Top: Starting at \$4,925 Stone Top: Starting at \$8,550

* List pricing is subject to change and does not include shipping

Care Instructions

Steel and Metals

Black oxidized and CRAFT BLACK steel is intended for indoor use only. For cleaning and maintenance, use a slightly damp cloth, then dry with a clean cloth. Do not use abrasive cloths, solvents, alcohol, or strong detergents. Dry the surface thoroughly to avoid leaving water stains. Protect the surface from moisture and heat. Try to keep the surface out of direct sunlight, as it may cause the color to fade. Steel is a changeable material, so excess heat, cold, and moisture will affect the finish and, over time, could change the appearance of the metal. An oil kit is available on request to restore your CRAFT BLACK oiled product. We recommend that you restore it once the surface has lost its shine.

Stone

For cleaning and maintenance, only use a cotton cloth dampened with water, then dry with a clean cloth. Do not use abrasive cloths, solvents, alcohol, or strong detergents. Dry the surface thoroughly to avoid leaving water stains. Never wipe the surface with ammonia or alkaline detergents that could dissolve or damage the surface. Wipe off any liquid immediately; left for too long, coffee, wine, and similar liquids can cause permanent stains.
