Care Instructions

Never use scouring pads or abrasive cleaning solutions. If it comes in a bottle, its bad for your fixture. Instead, we recommend using soft microfiber cloths, which are gentler on our products and the planet. For Metal: Wipe with a damp or dry microfiber cloth. Please note that our brass is unlaquered, and will darken naturally over time. For Glass: Wipe clear or colored glass with a damp microfiber cloth. For sandblasted or etched glass, use a dry microfiber cloth. Removable glass shades can be washed carefully in a sink using warm or hot water. For Ceramic: Wipe with a damp microfiber cloth. Do not submerge in water.
