Care Recommendations	<ul style="list-style-type: none">• Clean with care. Wipe using a soft, damp cloth. Avoid abrasive pads, harsh cleaners, or acidic products, as they may scratch or dull the finish.• Protect the surface. Do not place extremely hot or wet items directly on the ceramic to prevent thermal shock or surface staining.• Handle gently. Ceramic can chip if knocked or dropped—lift rather than drag when moving.• Avoid prolonged moisture. If liquid is spilled, dry promptly to maintain the integrity of the finish.
